

3rd Grade Choice Board
May 4 - 8

<u>Social-Emotional</u>	<u>Math</u> *Practice MEMORIZING division facts <u>EVERY DAY!</u>	<u>Language Arts</u> *Read for 20 minutes <u>EVERY DAY!</u>	<u>Science, Social Studies, Stem, Art, and Writing</u>	<u>PE & Music</u>
<p>Make a plan that details three things you can do if you are feeling frustrated or angry. Write down that plan and keep it somewhere that you can easily grab it.</p>	<p>Round each number to the nearest 100, then solve the problem.</p> <p>780 - 644 = is about _____</p> <p>502 - 321 = is about _____</p>	<p>Look below for the story, "Ice Cream in a Baggie." Read the story, answer the questions, and make ice cream if you are able.</p>	<p>Science- Magic Beans: https://www.giftofcuriosity.com/magic-beans-kit-chen-science/ Example below board Make a prediction Do the experiment Write your observations</p>	<p>Make your own playlist. Choose music that fits the following sentences.</p>
<p>Design your own superhero using one or more of these themes! Be sure to draw it and explain what powers your superhero has.</p> <ul style="list-style-type: none"> • Kindness • Friendship • Responsibility • Respect • Safety • Growth Mindset 	<p>Annie picked 14 apricots. Celia picked 5 fewer apricots than Annie. How many apricots did Annie and Celia pick altogether?</p>	<p>Adverbs that compare - Write the following adverbs in their own sentence using correct grammar: tasty, tastier, tastiest, delicious, more delicious, and most delicious</p>	<p>Social Studies- Create a poster with facts about the country of Mexico. Some facts you can think about are: native food, traditions, location in the world, etc. Include pictures and colors.</p>	<p>Music that could help you fall asleep. Music that a grandparent would like when they come to visit. Music to go along with a slide show of your favorite photos. Music for a holiday or celebration. Music to exercise to. Music that reminds you of an important event in your life.</p>
<p>Patrick is very upset because he feels that the math problem is difficult</p>	<p>There were 17 animals at the shelter. 8 were</p>	<p>Write a definition or draw a picture for the</p>	<p>STEM - Make your own maracas. Below there</p>	<p>Do jumping jacks and skip count by 3 to 30.</p>

<p>and he does not know the answer. What advice would you give Patrick? What should he do? How can he use his growth mindset?</p>	<p>dogs, and the rest were cats. Today more cats were brought in. Now there are 11 cats. How many cats were brought to the shelter today?</p>	<p>following words: strudel, danish, pastry, tart, pan dulce, lox, empanadas, challah, bagel</p>	<p>are two examples on how to make maracas, or create your own!</p>	<p>Do shoulder taps and skip count by 5 to 50. Do push-ups and skip count by 10 to 50. Play catch with someone for 10 minutes.</p>
<p>Future Thinking!!</p> <p>Use the thought map below to complete the questions about your future. When thinking about what you want for your future, what could you do now, as a third grader, to help you reach those goals one day?</p>	<p>Look at the picture below called, "Equivalent Fractions." Write if the two fractions are equivalent or not equivalent.</p> <p>Equivalent means they are equal.</p>	<p>Use the link below and listen to the story, "Jalapeno Bagels." Why did Pablo decide to bring Jalapeno Bagels to school? If you had the chance, what food would you bring to school to describe your culture?</p> <p>https://www.youtube.com/watch?v=vxpS1GkBLHo</p>	<p>Art -Picasso Flowers PENCIL- 1. Have someone trace your right hand SHARPIE- 2.Outline the hand. 3.Sign your name, underline, and write the date. COLOR (use paint, crayons, or markers) 4.Color the circles in the flowers. Make some TALL and some SHORT. 5.Color the petals 6.Color the stems. See picture example below.</p>	<p>1 Empty Bottle, 1 Laundry Basket, 1 Sock/Tennis Ball. Lean the edge of the basket on top of the bottle. Designate a rolling line 8-10 ft. away (the open side of the basket should be facing you). The objective is to see how many points you can score in 1-minute. Do this by rolling the sock/tennis ball at the bottle. To score the ball must hit the bottle first (the roll does not count if it misses the bottle and knocks over the basket). Rolls that hit the bottle first score as follows: 1 point = basket falls and traps ball, 2 points = basket falls and traps bottle, 3 points = basket falls and traps both ball and bottle.</p>
<p>Make a comic or picture about a character that is being responsible at home, school, or in the community.</p>	<p>Show two ways to solve each problem:</p> <p>$8 \times 2 \times 4$</p> <p>$3 \times 5 \times 2$</p> <p>$5 \times 5 \times 4$</p>	<p>Write a Diamante Poem about your mom, grandma, or special female in your life using the page below. The first noun will be mom,grandma, or whatever you call your special person.</p>	<p>Recipe - Look below for the recipe on how to make Jalapeno Bagels. This recipe goes along with our story for the week! Try to make them, they are delicious!</p>	<p>Go touch 4 different things outside. Skip 2 laps around the outside of the house. How many jumping jacks can you do in a row? How many push-ups can you do in a row?</p>

_____ (noun)

Jumping Beans Experiment

16

For this recipe you will need lots of time.
But these bagels are worth the wait!
Ask an adult to help you.

Jalapeño Bagels

1 3/4 cups lukewarm water	5 to 6 cups flour
1/2 teaspoon dry yeast	1/3 cup jalapeños, chopped
2 teaspoons salt	1/4 cup dried red peppers
1 1/2 tablespoons sugar	

Mix water, yeast, salt, and sugar. Add flour and jalapeños and mix into a ball. Knead for 10 to 12 minutes, adding more flour if necessary, until dough is stiff. Add red peppers and knead for 3 minutes. Let dough rest 10 minutes, then cut into 12 pieces with a knife.

Roll each piece of dough on a table to form long, cigarlike shapes. Then, for each of the twelve pieces, connect the two ends by overlapping them about 3/4 of an inch and rolling the ends together to make a ring shape. Make sure each joint is secure or it will come apart while boiling.

Cover with a damp towel and let rise 1 to 1 1/2 hours in a warm spot. In a large pot, bring 1 to 2 gallons of water to a rolling boil. Place bagels in boiling water and boil until they float (15 to 30 seconds). Remove with a slotted spoon and place on a lightly greased cookie sheet. Bake at 400 degrees for 10 to 15 minutes or until golden brown.

Note: A bakery uses dry malt instead of sugar, and high-gluten flour, which you may be able to get at a bakery or pizza parlor. For a milder bagel, reduce the quantities of the peppers. **17**

Ice Cream in a Baggie

Making ice cream in a baggie is fun and easy! Just follow these instructions.

You will need:

- 2 zip-lock sandwich baggies
- a gallon-sized zip-lock bag
- $\frac{1}{2}$ cup half and half
- 1 tablespoon sugar
- $\frac{1}{2}$ teaspoon vanilla
- 2 Tablespoons of salt
- ice cubes

Start by putting the half and half, sugar, and vanilla into one of the sandwich baggies. Carefully zip-lock the baggie. Put that baggie into the other sandwich bag and zip-lock it, too.

Next, put the sandwich baggies into the larger gallon-sized bag. Add enough ice to fill it. Add the salt. Seal the bag tightly. The salt is important because it lowers the temperature of the melting ice. The mixture inside the sandwich baggies won't freeze unless you add the salt.

Shake the bag for about eight minutes. When your ice cream is done, carefully remove the sandwich baggies and pour the ice cream into a bowl to eat. Yum!

Show What You Know

1. Why is a bulleted list used to tell what is needed rather than putting the information in a paragraph?

2. Number the steps in the correct order.

- ___ Put the smaller baggies into the large one.
- ___ Shake the bag for eight minutes.
- ___ Pour the ice cream into a bowl.
- ___ Put ice and salt into the gallon-sized bag.
- ___ Put the half and half into the baggie.

3. Why is it important to add salt to the ice?

4. In which of these books would you be most likely to find this passage?

- a) *How It's Made: Sandwich Bags*
- b) *Fun and Easy Recipes for Kids!*
- c) *Isaac's Ice Cream Adventure*
- d) *The Ice Sculpture Handbook*
