

Third Grade Choice Board
May 18 - 21

Dear 3rd Graders,

We are so proud of all the hard work you have accomplished during this time of continuous learning from home. We hope you enjoy your summer, but remember to keep your skills sharp for 4th grade by: reading, practicing multiplication facts, or going back and doing activities from the choice boards. You can find them on the USD 473 website. We have included many activities and links on this choice board so that you can utilize them throughout the summer. Don't forget we've included more activities below the choice board! We have enjoyed having each of you in our classes and will continue to miss you until we can see each other again in the fall. Have a great summer!

Love,

Mrs. Arveson, Mrs. Lexow, Mrs. Scheidt, Mrs. Schlesener, Mrs. Simpson, and Mrs. Stearns

<u>Social Emotional</u>	<u>End of the Year Fun</u>	<u>PE/Music</u>
<p>As we end the school year, complete the get to know me activity below by drawing or writing in the boxes. This will be a fun way to remember what you were like at the end of third grade!!</p> <p>It can also be downloaded at https://media.centervention.com/pdf/Buddy-Binder-2018.pdf</p>	<p>Enjoy sightseeing around the world by using the following link! Email your teacher to tell them what you learned! https://docs.google.com/document/d/1SvldgTx9djKO6SjyvPDsoGlkgE3iExmi3qh2KRRku_w/edit?fbclid=IwAR12b9gqbnbj1WSf2gPAOTKxNVhA1rMQuC9I6sJAYxPshScmXdOZ8_qcqfQ</p>	<p>Play a game with musical pitches: the highness or lowness of a sound. Someone plays or sings a high, medium or low pitch. If the pitch is high everyone else must reach their arms up high into the air. If the pitch is low, you must curl up into a ball. If the pitch is in the middle, you must stand up with your arms pointing out to the sides. Play slowly at first, then speed up. Take turns.</p>
<p>Celebrate all you've achieved this school year!! Write down three things you are super proud of that happened this school year! Be sure to celebrate with a dance party, a favorite snack, a favorite activity, or cheering!!</p>	<p>Have you ever wanted to visit Australia? Click on the link to explore! https://docs.google.com/presentation/d/1W6e4wx2C4twoV2ZrTxaquiOhMJOSVopO5j10wiiLsbc/edit?fbclid=IwAR0iWUYR7Ap9d5qJltOp0oxYbUMeKZrvvpfJNmWZFcIPAm6394iw_F-l_XE#slide=id.g8441ee4ea8_0_32</p>	

Make your very own stress ball using a balloon! You can fill your balloon with flour, cornstarch, rice, dry beans, baking soda, playdoh, sand, or more!!

Find the recipe and instructions here!

<https://www.wikihow.com/Make-a-Stress-Ball>

Extra tip: Use another balloon to cover the balloon that is filled.

What is a galaxy? Where is our solar system? Learn all about galaxies and check out the activities on NASA's Space Website

Make 3 paper airplanes and find a container your planes can land in. The object is to throw your airplane into the container. You have 1 minute to score as many points as possible. 1 point= hitting the container. 2 points= landing in the container.

Brown Bag Guessing Game!!

This is similar to twenty questions. You will need a bag and an object. Find one object around the house and put it into your bag. Have someone ask yes or no questions to try and guess what is in the bag.

For example:

Is it bigger than a pencil? Is it colorful? Is it shiny? Can you write with it? Is it a school supply? Do we use this everyday?

Did you know if your child writes a letter to their favorite Disney character, they will send them an autographed 8x10? Here's the address.

Make sure you have plenty of room, outside would be best. Put your foot partially into a tennis shoe. Flip your shoe in the air with your foot. You have 1 minute to see how many points you can score. 1 point= shoe lands on its side. 2 points= shoe lands right side up (sole on the ground) 3 points= shoe lands perfectly upside down (no sides touching the ground) 0 points= if the shoe hits you in the head or knocks over a lamp. :)

Key for multiplication color page below:
