

Choice Boards for 8th week 5/18/20-5/22/20

Preschool/Pre-K Choice Board for the Week of May 18-22 - Week 8 Theme: Last Week of School

Please try to pick 3-5 activities each day to meet the state recommended 30 minutes of instruction time. This week we have a theme for each row - Water Play/Bubbles; Graduation; Goodbye; Summer; Pajamas

Reading Read or listen to a book every day.	Writing Practice writing your name every day.	Math Count to 31 on the calendar every day.	Social-Emotional Say "I love you" every day.
Water Play/Bubbles- After writing letters on the sidewalk with chalk, have kids spray a letter with a spray bottle or water hose as if they were forming it.	Water/Bubble Packet- Click for several worksheets to do this week and this summer	This is such an easy experiment that will amaze your children. Fill a large glass jar with very hot water. Set a pie pan full of ice cubes on top of the mouth of the jar and observe what happens. Encourage children to discuss and draw their observations.	Ice Bowling! You can use your own bowling pins or make your own by filling water bottles up with water, add food coloring to make them colorful. To make the balls of ice fill up water balloons and put them in the freezer overnight. For added fun add a few drops of food coloring to the balloon before filling. The next day cut the water balloons off and you will have your bowling balls. To make the ice bowling balls slide easily spray the ground with the hose before playing.
Graduation- Listen to the book: I Wish You More and then make your own graduation hat: Use the links below: Book: https://www.youtube.com/watch?v=hti6bGm4664 Activity: http://www.theseedsnetwork.com/making-graduation-hats-in-preschool/	Celebrate finishing the school year with pompoms! Materials: 2 lunch bags, scissors, markers, tape Directions: Draw lines 1" apart halfway down from the top of the bag to the bottom flap. Have the children use scissors to cut down on these strips. Turn the bag over and then roll the bottom up tightly to make a handle. Secure the handle with tape. (For a good small motor activity let the children wrap rubber bands around the handle.) Wrinkle and fluff up the strips to make pompoms. Now give yourself a cheer!!	End of the Year/Summer Packet- Click for worksheets to do this week and this summer	Spend some time writing a list together of the fun things you have done this school year. (You might have to go back and look at pictures from this year.) Have your child draw a picture doing their favorite activity from this school year.

<p>Goodbye-</p> <p>Listen to the book, Flap Your Wings and then do the activity.</p> <p>Book: https://www.youtube.com/watch?v=jvPWtHxafgY</p> <p>Activity: Have your child cut out a nest and glue to a larger piece of paper. At the top write the words, "It is time to spread your wings and fly, but I will always be here for you!" Talk about the things your child is excited about for next school year.</p>	<p>Write these words down on a poster or large sheet of paper.
