This agreement, made and entered into as of **June 12, 2023** between the BOARD OF EDUCATION, UNIFIED SCHOOL DISTRICT NO. 473, Dickinson County, Kansas (hereinafter referred to as the "Board") and the CHAPMAN EDUCATION ASSOCIATION, (hereinafter referred to as the "Association").

WHEREAS, the Association has been recognized by the Board for the purpose of professional negotiations as authorized and within the meaning of K.S.A. 72-2281 through 72-2237, as amended; and

WHEREAS, the Board and the Association, by and through their duly authorized representatives, have met, consulted, conferred and discussed with respect to the terms and conditions of professional service of the professional employees employed by the Board; and

WHEREAS, the Board and Association have now reached an agreement with respect to certain of such terms and conditions of professional service and wish to reduce the same to writing.

NOW, THEREFORE, it is hereby mutually AGREED between the parties as follows:

ARTICLE I

DEFINITIONS

- A. Association: The Chapman Education Association.
- B. Board: The Board of Education of Unified School District No. 473, Dickinson County, Kansas.
- C. District: Unified School District No. 473
- D. Teacher: All certified employees employed under contract by the Board except any such person who is an administrative employee as defined in K.S.A. 72-2218, as amended.

ARTICLE II

GENERAL PROVISIONS

- A. Rights of Board: The Board, for itself and on behalf of the voters and taxpayers of the District, hereby retains and reserves unto itself, without limitation, all powers, rights, authority, duties, and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of Kansas and the United States. Nothing contained herein shall be considered to deny or restrict the Board of its rights, responsibilities, and authority under the state school laws or any other national, state, county, district or local laws or regulations as they pertain to education. The Board and the Association agree, except as expressly provided otherwise in this agreement, that the determination and administration of school policy, the operation and management of the schools and the direction of employees are vested exclusively in the Board and that the Board is the legally constituted body for that purpose.
- B. Strikes: The Association affirms that it does not have the right to strike; and the Association affirms that neither the Association or any of its agents or members will authorize, instigate, aid or engage in a strike or in any picketing of any facility under the jurisdiction and control of the Board of Education.
- C. Professional Negotiations: For purposes of professional negotiations between the Board and Association pursuant to K.S.A. 72-2218 et seq., each existing article of this agreement that neither party proposes to renegotiate prior to February 1, as required by K.S.A. 72-2228 (a), as amended, shall continue in full force and effect and constitute the terms of the successor contract.
- D. Term of the Agreement: This agreement is made for a period of one school year and on **June 30, 2024**, this agreement shall wholly cease and terminate for all purposes whatsoever.
- E. Savings Clause: Should any portion of this agreement be found to be contrary to law, that portion only shall become null and void, with all other conditions of the agreement remaining in effect.

ARTICLE III

LEAVES

- A. Sick Leave:
Preamble: The parties acknowledge that sick leave benefits are of the nature of insurance benefits to be used in the unexpected event of illness. It thus is inappropriate to ask the Board to pay for unused sick leave benefits except upon retirement. Teachers shall be granted sick leave benefits in accordance with the following provisions:
 1. Nine days of sick leave shall be granted to all full-time Teachers after they have worked one day of their annual contract. Such sick leave entitlement shall cumulate up to a maximum of 80 days of un-

used sick leave.

2. Teachers who are employed less than full-time shall be entitled to sick leave benefits based upon the following formula: The number of days or amount of time employed over a full employment year times the foregoing benefits received by full-time Teachers.
3. Illness or injury of the Teacher which necessitate absence from duty are chargeable to sick leave. Absences in excess of five consecutive days must be substantiated by a doctor's report in order for the Teacher to be excusably absent from work.
4. Teachers who have worked at least three days of their annual contract period and do not have sufficient unused cumulated sick leave may borrow against the current year's sick leave but in no case shall the total leave borrowed during any school year exceed the amount of days of sick leave that would accrue to the Teacher's credit during that year.
5. Absences in excess of cumulated sick leave plus the allowable borrowed sick leave shall be deducted from the Teacher's pay at the rate calculated by dividing the annual pay of the Teacher by the number of regular work days covered by the Teacher's contract, except as outlined in the following paragraphs.
6. The Board shall establish a sick leave bank of 300 days on July 1 of each year.
7. Use of the sick leave bank shall be limited to personal illness of the Teachers who have cumulated 80 days sick leave accumulation while employed by the district. Cumulated sick leave for purpose of determining eligibility for use of the sick leave bank is defined as the amount of unused sick leave at the end of a contract period plus the number of days the Teacher is eligible to borrow as outlined in this Article.
8. Teachers who have once attained eligibility for use of the sick leave bank may, in any contract period, use from the sick leave bank an amount of days equal to the total of their sick leave cumulation at the beginning of the year, provided all of their cumulated sick leave has been used. Once a teacher has used the 80 days maximum cumulated sick leave, plus any part of the bank, the remainder of the Teacher's available days in the bank would be available to use at the beginning of the next school year. The sick leave bank balance would continue to be available until depleted. The teacher would receive 9 days sick leave for the current contract year and for each succeeding contract year until the maximum 80 days are accumulated. At no time shall the sick leave available in one contract year exceed 80 cumulated days and 50 days in the sick leave bank. (Negotiations, Spring '92)
9. Termination of employment automatically cancels all sick leave benefits and credits.
10. Teachers shall be compensated for their unused sick leave upon their retirement. Teacher disability or death while employed shall also be grounds for compensation. KPERS guidelines will be used to determine retirement and disability eligibility. Compensation will be determined as follows:
 - a. 10 thru 14 years service with the District, \$5.00 per day, up to a maximum of 80 days.
 - b. 15 years service and over with the District, \$15.00 per day, up to a maximum of 80 days.
11. Recording Sick Leave: On the date of return to duty following a period of absence, the Teacher shall certify as to the reason for the absence on a form to be provided by the Board. This certificate shall be attached to the principal's report of absences and forwarded to the education center by the principal within five days after the end of each month.

B. Family Emergency Leave

1. Four (4) days of family emergency leave shall be available for use each year, cumulative to eight (8) days, for all full-time Teachers, after they have worked three days of their annual contract period.
2. Teachers who are employed less than full-time shall be entitled to family emergency leave benefits. Personal leave shall be allowed in the same manner for Teachers who are employed less than full-time but in proportion to the FTE time employed.
3. Absences due to serious illness or severe injuries, or absences due to a death which necessitate the absence of the Teacher are chargeable to family emergency leave.
4. Absences in excess of cumulated family emergency leave shall be deducted from the Teacher's pay at the rate calculated by dividing the annual pay of the Teacher by the number of regular work days covered by the Teacher's contract. In the event that a Teacher has used all family emergency leave and all personal leave, the Teacher can use allotted annual sick leave of five (5) days for family emergency leave. (Added June 27, 2012) In the event of an extended emergency or if more than one emergency occurs in any one year, and if the Teacher has cumulated unused sick leave, the Teacher may request in writing to the Superintendent of Schools to have days in excess of all family emergency leave charged to sick leave.
5. Termination of employment automatically cancels all family emergency benefits and credits.
6. On the date of return to duty following a period of absence, the Teacher shall certify as to the reason for the absence on a form to be provided by the school district. This certificate shall be attached to the principal's report of absences and forwarded to the educational center by the principal within five days

after the end of each month.

- C. Personal Leave: Teachers shall be entitled to personal leave days in accordance with the following provisions:
1. Each full time Teacher shall be allowed three days personal leave a year for any reason which the Teacher believes to be more important than being in the classroom.
 2. Personal leave shall be allowed in the same manner for Teachers who are employed less than full-time but in proportion to the FTE time employed.
 3. Personal leave may accumulate for a limit of two years not to exceed four (4) days in any contract year.
 4. Teachers shall submit leave request for two or less days for approval by the Principal at a minimum of twenty-four (24) hours prior to the requested leave date and for more than 2 days at a minimum of ten (10) days prior to the requested leave date. Under unusual circumstances, the administration may make an exception to this rule.
 5. The leave may be used any time during the school year except on inservice or workdays, parent/teacher conference days or the day before or following a school holiday. Four personal days cannot be used in the month of May. Under unusual circumstances, the administration may make an exception to this rule.
 6. Any portion of one-half day of personal leave shall be counted as one-half day. Any time in excess of one-half day shall be counted as one day.
 7. If an employee has 4 remaining days at the end of the year, they must request to carry over days by May 15 of that school year or they will automatically receive reimbursement equal to one day substitute teacher pay, in addition to the amount stated on that teacher's contract, for each full day of unused personal leave to a maximum of two days. If the employee has 4 remaining days at the end of the school year, they can elect to carry over one day and be paid for 3 days. If a teacher has any days remaining, they may choose to be paid for the remaining days and not carry over personal days. (changed 8-9-2021)
- D. Emergency Leave: Under unusual circumstances, an absence may occur that does not apply to any of the above leaves. In such a circumstance, the teacher should use personal leave. If the Teacher has no personal leave left, the equivalence of a substitute's pay will be deducted for each day missed up to a maximum of two (2) days.
- E. Temporary Military Leave (30 days or less): A certified employee who is a member of the National Guard or the Army, Navy, Air Force, or Marine Corps Reserve and who is required to report to an active duty period for training purposes required to retain such membership shall be granted unpaid temporary military training duty leave. If the military pay is less than his/her regular pay during the period approved for temporary military duty leave, the certified employee will be paid the difference between his/her military pay and his/her certified USD 473 pay. A copy of military pay exclusive of meals and mileage must be turned into the district office to calculate compensation. (Added July 18, 2005)
- F. Emergency Military Support Leave: Emergency leave shall be defined as leave granted to a full time professional employee during their spouses deployment to or return from a combat zone. This leave is for 2 days per school year and employee personal days have already been used. (Added July 18, 2005)
- G. Professional Leave: Beginning teachers shall be allowed one (1) day of professional leave to work on their Kansas Performance Assessment portfolio with the recommendation that they use the resources offered by the Smoky Hill Service Center. Leave shall be requested by submission of the form "Application To Use Professional Day (Beginning Teacher)" to the Building Principal for approval. (Added June 12, 2007) *Graduation and oral/written defense for master and doctoral degrees shall be considered professional leave. (Added June 27, 2012)*

ARTICLE IV

ARTICLE VI

The Board reserves the right to assign all Teachers to substitution duties when another Teacher is absent. Such duty may be assigned even though the assigned Teacher has a planning period otherwise scheduled during the substitution assignment. The Board, however, shall pay each Teacher who is thus deprived of such a planning period. Substitution assignment for the purpose of this paragraph shall mean: Grades K-12 shall be paid \$7.50 for planning time 20-30 minutes and \$15.00 for planning time 31-60 minutes. Activity periods, all school program practices and assemblies are excluded.

ARTICLE VII

SCHOOL LUNCH SCHEDULE

ARTICLE IX

The administration reserves the right to make exception to this rule.

Teachers electing such method of payment shall notify the District in writing that they wish the payment in lieu of advancement on the salary schedule. In order for the reimbursement to be made, the Teacher must provide a receipt of payment for the applicable hours. Beginning March 1, 2018, courses earned toward salary increments or tuition reimbursement must be preapproved by the district administration. The request must be submitted to the Building Administrator and if it's approved, will be forwarded on to the Superintendent for final approval. (added November 13, 2017)

The Board will establish an annual fund of \$20,000.00 to reimburse current teachers for the costs of tuition for post-secondary education attained during their employment with USD 473. The reimbursement amount per credit hour will be pro-rated based on the number of credit hours for which requests for reimbursement have been submitted to the district office by September 15 of each year. The maximum amount per credit hour will be the actual cost of the course, not to exceed the per credit hour on campus rate at Kansas State University, for each hour of graduate earned; provided, such hours of credit are not used for salary increases on the salary schedule. Teachers electing such method shall notify the district in writing that they wish the payment in lieu of advancement on the salary schedule. In order for the reimbursement to be made, the teacher must provide a receipt of payment and verification of successful completion of the course. Reimbursement for such credit hours will be paid through the September payroll process in the school year immediately following the year the request for reimbursement is made. (added August 5, 2019)

RETIREMENT PLAN

GROUPS 2, 3 and 4 --Current employees who are eligible to retire beginning 2019/2020 thru all new hires.

These employees will be given the opportunity to participate in this plan during the District Open Enrollment or upon initial employment.

Starting in the 2014-2015 school year, USD 473 will implement a matching 403(b) Retirement Plan. This retirement plan will provide USD 473 employees with a matching plan as described below. The 403(b) Retirement Plan has divided the current employees of USD 473 into four groups based on eligibility from the previous early retirement plan. USD 473 will determine and notify all employees who qualify as to what group they would fall into.

The Groups are defined as follows:

GROUP 1

Current employees who are eligible to retire now through 2018/2019 under the previous Early Retirement plan guidelines. Benefits will be the same dollar amount as the previous plan provided, only now paid through a 403(b). Once paid into the 403(b) the retiring employee will have the option on how they would like to manage their money (liquation, rollover, deferral, etc.). All distributions will follow the rules pertaining to 403(b). Group 1 employees will be given the option of going into Group 2 as a one-time choice

with a decision that would be irrevocable. This option was given in September 2014.

Requirements for Group 1:

1. When used in this policy, the term “professional employee” means any person employed by the Board of Education in a position which requires a certificate issued by the State Board of Education and employed by the Board of Education in a professional educational or instructional capacity.
2. When used in this policy, the term “school year” means that period of time from July 1 to June 30 of any year.
3. Any professional employee age fifty-four (54) through sixty-four (64) or any professional employee, because of age and service, eligible for KPERS Retirement, may elect to take early retirement under the terms and conditions set forth in this policy. 4. A professional employee is eligible to receive early retirement benefits if such person [a] is currently a professional employee of the school district, [b] will be at least fifty-four (54) years of age and not more than sixty-four (64) years of age on or before September 1 of the calendar year in which the professional employee intends to retire, [c] has a minimum of twenty (20) years of employment in a public school system, [d] has a minimum of twelve (12) years in the district; or any professional employee who is eligible for KPERS Retirement with a minimum of twenty (20) years of employment in the public school system and twelve (12) years of service in USD #473.
5. A professional employee applying for early retirement shall have the responsibility to provide all facts, information, verification and documentation necessary to prove eligibility for early retirement and to determine benefits to be paid.
6. A professional employee may apply for early retirement by giving written notice to the Superintendent of Schools. Such written notice shall be submitted on or before the 1st day of January preceding the anticipated retirement date; however, the Board of Education will have discretion to approve applications after January 1. Written notice shall include the following information:
 - a] a statement of the applicant’s desire to take early retirement;
 - b] the anticipated date of retirement;

8. The annual individual early retirement benefit shall be a sum of money as shown below:

	Year 1	Year 2	Year 3	Year 4	Year 5	Total
54-60 years of age	\$10,000	\$10,000	\$5,000	\$5,000	\$5,000	\$35,000
61 years of age		\$10,000	\$5,000	\$5,000	\$5,000	\$25,000
62 years of age			\$5,000	\$5,000	\$5,000	\$15,000
63 years of age				\$5,000	\$5,000	\$10,000
64 years of age					\$5,000	\$5,000

The early retirement benefit of part time employees will be based on their FTE.

9. During each school year the Superintendent and/or Clerk of the Board shall calculate and determine the annual early retirement benefit for each professional employee who is eligible for early retirement. For the purpose of such calculations, it shall be assumed that the professional employee will retire on July 1 of the current year. Such early retirement benefits will be calculated based upon the age of the professional employee as of September 1 of the current calendar year. The amount of annual early retirement benefits shall be recorded in the professional employee’s file.
10. The following terms and conditions shall apply to the school district’s early retirement plan:
 - a] The annual Early Retirement Benefits shall be paid by the school district, in one lump sum, to the district’s post retirement 403(b) plan. This payment will be made following the first pay period in September. (changed 10-19-20)
 - b] A professional employee taking early retirement shall have the option to maintain health insurance coverage at the employee’s expense through the school sponsored health insurance program, exactly as they were enrolled immediately prior to retirement. The retiree will be responsible for

submitting payment to the Human Resources department prior to the 15th of each month. This provision will be effective only if allowable by the insurance carrier and only until that time that the professional employee attains the age of sixty-five (65); which is the age of Medicare Eligibility.

The spouse of a professional employee who has attained the age of 65, has the option of taking out a single health insurance plan until he/she has reached age 65. He/she shall make two (2) monthly premium payments prior to August 15 of each year. A payment, due prior to the 15th of each month, shall be made thereafter.

EVALUATIONS

(August 19, 2015)

The adopted board approved evaluation instrument shall govern the evaluation timing of teachers as specified in the instrument. The number of evaluations as stated in the approved evaluation instrument are a minimum, the administration has the right to conduct more frequent evaluations.

DISCIPLINARY POLICY AND PROCEDURE

(August 19, 2015)

This policy and procedure provision concerns the conditions under which a teacher may be disciplined or terminated.

The parties recognize the right of the Administration and Board to discipline a licensed contracted staff member ("Teacher") for good cause as determined by the Board. "Good cause" is defined as any reason put forward by the Administration or Board in good faith, which is not arbitrary, capricious, or irrelevant to the Board's task of building up and maintaining an efficient school system.

The parties recognize the right of the Board to discipline its employees. Discipline shall be progressive, when possible, and shall be for good cause, as defined above.

A. Steps for progressive discipline:

1. A Teacher will be given at least one verbal warning that the District believes the Teacher has violated Board Policy, is inadequately or unsatisfactorily performing their duties or is otherwise in violation of their contract with the District. Said verbal warning may be recorded in the Teacher's personnel file.
2. If the Teacher does not correct the behavior identified within a reasonable time, a written warning will be given to the Teacher that should include the basis for said warning and that a Plan of Action will be developed. Upon providing said written warning, a Plan of Action will be developed to address and remediate the behavior identified. The written Plan of Action shall be recorded in the Teacher's personnel file.
3. A Teacher who does not address and remediate the behavior identified to the foregoing disciplinary steps may be suspended with or without pay or terminated.
4. A Teacher's acts or omissions bringing rise to the disciplinary steps set out above may not, on their own, give rise to a comprehensive evaluation. Notwithstanding the foregoing statement, the fact that

since their last evaluation a Teacher has been or is being disciplined hereunder may be considered by the District as it performs its evaluation of the Teacher.

5. A Teacher may object to any discipline through the grievance process using the USD 473 Board Policy located under KN Complaints. (added June 12, 2023)
- B. The parties acknowledge that the District is subject to laws and/or regulations that may require more immediate and aggressive action. In those situations, the parties understand and agree that the District will make every effort to comply with such laws or regulations.

REDUCTION IN FORCE

(June 16, 1997)

A. Reduction in Personnel

1. The teaching staff may be reduced by layoff at the discretion of the Board.
2. In the event a reduction in staff is determined to be necessary by the board, the following criteria shall be used in determining any non-renewal of contracts: academic training in the field, length of continuous employment in the district, evaluation reports, and experience in the specific assignment.
All possible reduction shall first be made through normal attrition. Any further needed reduction shall be based on the above criteria, the recommendations of the administration and the educational needs of the district as determined by the board.

B. Recall Procedure

1. A professional employee who has been placed on involuntary leave of absence shall be offered reemployment with the School District for a period of two (2) years following the date he/she was placed on involuntary leave of absence in the inverse order of layoffs. Such reemployment shall be offered when a vacancy occurs for which he/she is certified.
2. A professional employee will be notified of recall by certified mail at the professional employee's permanent address on file with the District. A professional employee must report as directed within fourteen (14) days after receipt of the recall notice. It shall be the responsibility of the professional employee to ensure that the School District has a record of his or her current address and telephone number.
3. If a professional employee rejects reemployment or fails to report as directed within fourteen (14) days after receiving a recall notice, such action or failure to act by the professional employee shall be construed as a resignation. Acceptance of an employment contract with another school district will be construed as a resignation.
4. No person new to the district shall be employed to fill a vacancy if there is a professional employee on involuntary leave of absence who is qualified and certified to fill that position.
5. Credit on the salary schedule shall not accrue for the period of time the employee is on involuntary leave of absence. If reemployed by the School District, he/she shall be entitled to placement on the salary schedule according to his or her experience and training. Upon reemployment, a professional employee shall be entitled to all previous accumulated leave and other benefits accrued during his/her period of employment with the School District prior to lay-off.

(Article XX, Voluntary Early Retirement as approved by the CEA & the BOE, was added to the Negotiated Agreement, November 16, 1992. The agreement, as amended, was ratified by signatures of the President of the CEA and President of the BOE.)

2. The district will pay for all materials used in the training session with the approval of the Principal.

For any advancement on the salary schedule, 10 college hours must be earned or a minimum of 5 college hours and 100 PDC points approved for salary schedule movement. ARTICLE XXVI

LIQUIDATED DAMAGES

(August 19, 2015)

Purpose: The parties agree that when a licensed contracted staff member ("Teacher") resigns or otherwise fails to honor his or her contract after execution of the contract or after the applicable date under the Kansas Continuing Contract Law; the damages to the District are material, yet not easily ascertainable.

- A. It is therefore agreed that a Teacher currently under contract shall be declared under contract - unless duly informed according to Kansas Statute- for the next teaching year unless a resignation is submitted on or before the statutory date of the current school year according to the Continuing Contract Law of the State of Kansas. Teachers coming into the District shall be declared under contract when their contract has been approved by the Board of Education ("Board").
- B. In the event a Teacher resigns or fails to honor the terms of his or her contract after the effective date set out above, the parties agree the Teacher shall pay the District liquidated damages, as set forth below. The Board will accept the resignation of a Teacher tendered after the statutory date upon receipt of:
 1. \$1,000 for a resignation received after the 14th calendar day following the third Friday in May through June 10th.
 2. \$2,000 for a resignation received after June 10th and on or before June 30th
 3. \$4,000 for a resignation received in the month of July
 4. \$8,000 for a resignation received on or after August 1st and prior to the completion of the contract term.
 - a] Any Release from contract for any resignation received after August 1st and prior to the completion of the contract term is further conditioned upon the District Hiring a qualified replacement as determined by the Board in its sole discretion. If no replacement is hired and the District keeps the Teacher, then said Teacher shall owe no liquidation damages hereunder.

- C. It is agreed that liquidated damages shall be paid prior to the Board accepting the Teacher's resignation. Payment of liquidated damages, customary return of all District property by the Teacher, and an acceptance of such resignation at a regular or special Board meeting shall constitute an immediate mutual release of the parties from any and all claims one may have against the other and further shall constitute an immediate release from contract for the Teacher.
- D. Should the District owe the Teacher additional salary or other amounts after the Teacher resigns or fails to honor his or her contract, the District may deduct the liquidated damages from the amount owed, and the Teacher consents and agrees to the deduction of the liquidated damages.
- E. The District reserves the right to, in the sole discretion of the Board, waive one or more provisions of this Liquidated Damages document.

IN WITNESS WHEREOF, the parties have hereunto set their hands the day and year first above written.
